

# Delock Cable Sleeve made of glass fiber and aluminium 2 m x 10 mm

## Description

This protective sleeve by Delock can be used to protect cables, electrical tubes or wires.

### Excellent resistance due to glass fiber and aluminium foil

The cable sleeve protects the cables from high temperatures and solar radiation. The aluminium reflects more than 95 % of the radiation that hits its surface and keeps the cables, tubes and wires underneath cool.

Ø 10 mm / 2 m

**Item no. 19001**

EAN: 4043619190010

Country of origin: China

Package: Zip poly bag

## Technical details

- Length: ca. 2 m
- Diameter: ca. 10 mm
- Operating temperature: -40 °C ~ 200 °C
- Inner material: glass fiber
- Outer material: aluminium
- Colour: silver

## Package content

- Cable sleeve
