

Delock Front Panel 2 x USB 5 Gbps + PCI Express Card 2 x USB 5 Gbps

Description

This USB 5 Gbps front panel by Delock can be installed into a free 3.5" or 5.25" bay of your computer and will be connected internally by using the included PCI Express card. It expands your system by two USB 5 Gbps ports on the front side and two USB 5 Gbps ports on the back side. Thus you can connect different USB devices like e.g. docking station, card reader, external enclosure.
